21.02.2022 THE SEMESTER STARTS!

The schedules for all the Polish students will mostly be ready only on Friday 21.02.2022 before the weekend 19.02-20.02 and this is also when our teachers learn which classes they are going to have. So do not worry if you do not know where to go this week. Most of your meetings with the teachers will be organized on an individual basis, as you will not need to go to any Polish-speaking theoretical classes. You will have many appointments with the coordinator about your schedules in the last weeks of February, especially medical students, and as soon as you learn where to go, you go!

However the English Philology Students should definitely join the classes in that week – and you can use your mentor's help here!
